

## Table of Contents

| S.No | Contents                                  | Page No. |
|------|---|----------|
| 1    | Synopsis                                  | 1        |
| 2    | Introduction                              | 3        |
| 3    | System Analysis                           | 7        |
| 4    | Technologies Used                         | 17       |
| 5    | General Description                       | 27       |
| 6    | Functional and Non-functional Requirement | 37       |
| 7    | System Architecture                       | 39       |
| 8    | System Model                              | 40       |
| 9    | Screen Shots                              | 57       |
| 10   | DataBase                                  | 63       |
| 11   | Coding                                    | 65       |
| 12   | Conclusion                                | 93       |
| 13   | Limitation                                | 94       |
| 14   | Future Enhancement                        | 95       |
| 15   | Bibliography                              | 96       |

## Table of Figure

| S.No | Figure   | Page No. |
|------|--|----------|
| 1    | Machine Learning Life Cycle                        | 9        |
| 2    | MVT Model  | 21       |
| 3    | MBTI Personality                                   | 29       |
| 4    | Persoanlity Analysis Framework                     | 39       |
| 4    | Waterfall Model                                    | 40       |
| 5    | ER Diagram of Sentiment and Personality Test       | 48       |
| 6    | Use Case Diagram of Sentiment and Personality Test | 53       |
